

Promax 320 2x4

The Linhai Promax 320 is a compact and agile utility ATV designed for off-road use. It is powered by a liquid-cooled 275cc single cylinder four-stroke engine, which delivers strong and smooth performance. The Promax 320 features a fully automatic CVT transmission with high and low range, which provides effortless and convenient operation. It has a selectable 2WD/4WD drive system with a front differential lock, allowing the rider to switch between modes for better traction and handling. The Promax 320 also features a sturdy cargo rack and a towing capacity of up to 100kg, making it a versatile and practical workhorse. Overall, the Linhai Promax 320 is a reliable and capable ATV that can handle a wide range of tasks and environments.
